Dear Mr. Morris:

On July 2, 2003, we received your right-of-way application for an access road across public land to your Moore Road Trust Land Quarry in Emery County, and have assigned it right-of-way number UTU-79501. Please refer to this number on any future correspondence or fee payments.

Enclosed is form 1323-2 showing how the category and fee for processing your application was determined. The fee for processing this application is \$300.00 based on a FLPMA Category II application. The post permit monitoring fee is \$75.00. At this point, would you please remit a check in the amount of \$375.00 to cover these fees. You may choose to delay payment of the post-permit monitoring fee since, by regulation it is not required until the right-of-way application is approved. Please remit the required fee within thirty (30) days from the date of receipt of this letter or your application will be rejected and returned. If you feel that our fee determination is in error, you may appeal the decision.

Within 30 days of receipt of this decision, you have the right of appeal to the Board of Land Appeals, Office of the Secretary, in accordance with the regulations at 43 CFR 4.4. If an appeal is taken, you must follow the procedures outlined in the enclosed Form 1842-1, Information on Taking Appeals to the Board of Land Appeals. The appellant has the burden of showing that the decision appealed from is in error.

If you have any questions please contact Joan Hubert of my staff at (435) 636-3630.

Sincerely,

Patrick J. Gubbins
Field Manager
